

## MDO Guideline Agreement Form and Photo Release Form

We feel that it is in the best interest of the children as well as the program, for you to carefully read our handbook so that you will understand what our policies and procedures are. After you have read it, we would ask that you print the form, fill out the appropriate information at the bottom of this section. Please sign it indicating that you have indeed read our handbook and agree to follow our guidelines.

Return this along with the consent form and the immunization form. We would appreciate the return of these forms no later than August 15th.

We are looking forward to another great year as we faithfully serve our Lord.

In His Service
