

NURSERY

Parental Protocol Agreement Form

The Children's Nursery Team is looking forward to seeing you and your children again as we reopen our nursery on August 23. We are enthusiastically awaiting your arrival with our revamped safety protocols to help us be more effective in protecting our staff, volunteers, you, and your children. Here is what you need to know as you prepare for your child's return to the nursery:

WHO CAN COME?

1. Well children older than 2 months up to children with birthdates before September 1, 2019. A Well Child is free from:
 - A. Fever of 100 or above
 - B. Cough, sinus or other new respiratory issues
 - C. Diarrhea, vomiting or other digestive issues
 - D. Head Lice
 - E. Throat infections, body rash, eye discharge, any contagious disease
2. Children that have been properly "Home Screened" and "Campus Screened" (*see questions under, "HOW DOES IT WORK?" below.*)
3. Children who have been properly registered through our online reservations link *at least but no later than 24 hours before each event.*
4. Children whose parent or guardian has read and agreed to this **Parental Protocol Agreement Form**.

HOW DOES IT WORK?

1. Once your online registration is processed, you will receive an email response confirming your child's registration. If we are already full for that particular Sunday, we will let you know in the email.
2. Check-In will be located at the nursery desk located at the Chapel entrance. **All other access doors will be locked.**
3. Only one parent will be permitted to drop off their nursery aged child(ren). Each parent **must be wearing a mask** to gain entry to the nursery hallway.
4. Each parent should "Home Screen" for himself/herself and child(ren) by asking the following questions (the same will be asked at the "Campus Screening" upon arrival at the Nursery Check-In desk:
 - A. Have you been in contact with a confirmed case of COVID-19 in the last 14 days?
 - B. Are you experiencing a cough, shortness of breath or sore throat?
 - C. Have you had a fever in the last 48 hours?
 - D. Have you experienced new loss of taste or smell?
 - E. Have you experienced vomiting or diarrhea in the last 24 hours?
5. Anyone answering "yes" to any of these questions should not bring his/her child to the Nursery and will not be allowed to enter the nursery hallway at Check-in.

WHAT TO BRING?

As we reopen, we are asking each parent to be mindful of the number of items needed to care for their child(ren). *Please bring only what is necessary while also complying with the below protocols:*

1. Pacifiers for younger children, if needed
2. Bottles for children whose feeding times unavoidably fall during nursery hours
3. A full sippy cup for each child, if needed
4. An easy access snack for older children
5. No other outside food items, toys, blankets, etc., will be allowed other than what is stated above.
