Thankful

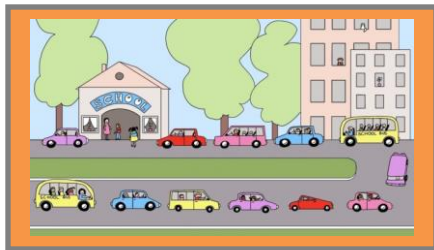

It is hard to believe that we are so close to Thanksgiving. This is such a special time for us. The teachers spend so much time talking about all the things we are grateful for and who is the giver of all these things. It is such a blessing to talk to our babies about all the wonderful things God has given us. We are very thankful for each of these precious children. Thank you for sharing them with us.

HAVE A BLESSED THANKSGIVING SEASON!

**Be looking for information for Re-enrolling for the 2023 Fall year. We will send out more detailed information for the **JANUARY** registration date and what you will need to do.**

Cold and flu season - remember when that is what we worried about - now we have Covid. The Covid season is still active which means we have to pay extra attention to things like colds and flu. We appreciate you continuing to use caution when bringing your children to school. Since **fever, vomiting and diarrhea** are also Covid symptoms we ask that you please not bring your child back to school until they have been free from these symptoms **for 24 hours**. If they have a profuse or discolored runny nose, then you need to keep them home for that as well. We need to take extra precautions to insure the safety and health of all our babies, teachers and staff.

## Carpool

- Thank you for your patience with carpool each morning.
- The school has priority with carpool so we will have to adjust things as we wait on their time to end. This is especially true on Thursday mornings with their delayed start to school.
- Please know that rainy days will take longer
- Thank you for **waiting** in the parking lot until you see that school carpool is over - **park and wait** and pass along to your carpool helpers as well
- We appreciate you!
